

JOB ASSIGNMENT #1: Job Announcement

Are you thirsty for a career in the field of WATER?

The Cities of Northglenn, Thornton and Westminster, Colorado are looking for qualified Junior Water Specialists for some very challenging, yet rewarding jobs.

Responsibilities:

Preferably 4th and 5th grade students who care about water and want to learn more. Applicants must use water daily. Must be willing to learn about where their water comes from and where it goes after they use it.

Skills:

Applicant must be able to read maps and use computers to access information about their local water supply. Some skills in writing, reading, math, geography and science will be required for this job. Must be willing to look for ways to save water and take action to always protect water. Prefer applicants that are familiar with why people need water to live and how wildlife and plants also depend on clean water.

If you think you would be a good candidate for this job, please complete the job application on the next page.

This “job” pays a rich salary of knowledge, insight and fun. Sorry no money!
